

Careers

Job Title:	Laboratory Animal Care Technician
Position:	Full-Time Regular
Open Date:	June 2008
Functional Area:	Research
Location:	Fort Detrick, Frederick, MD
Required Degrees:	High School Diploma
Experience Required:	Minimum of 1 year experience working in an animal facility

Basic Qualifications:

The ideal candidate must have experience with handling, feeding and general animal husbandry procedures required for NHP's. Should be familiar with Federal animal welfare regulations under the US Department of Agriculture (USDA) and the US Public Health Service, and be familiar with Good Laboratory Practices (GLP) regulations as they apply to both the Environmental Protection Agency (EPA) and the Food and Drug Administration (FDA). Candidate must be familiar with the operation and maintenance procedures for animal cage and rack washing equipment.

Preferred Qualifications:

Applicant must attain ALAT certification within the first 18 months of hire. Must be able to lift 50 lbs.

Details:

The McConnell Group, a leading research support organization in Bio-Defense, Environmental and Biomedical Support has an opening for multiple Lab animal care technicians to support our efforts with the Department of Defense. This position is located at Fort Detrick, Frederick, Maryland.

This individual will be responsible for the daily cleaning and feeding of non-human primates (NHP's) and other assigned species. Periodic rotation of NHP's to clean cages, cleaning and sanitization of animal housing rooms, and operation/maintenance of cage washing equipment. As well as maintaining food and bedding inventories and preparation of various charts and logs for reporting purposes.
